

# Landlords - Help your assets take flight

New & emerging retailers

## READY, SET, RETAIL!

5 STAGE

INCLUDES BOTH ONSITE & OFFSITE SESSIONS

Our Ready, Set, Retail! Programs challenges new and emerging retailers to understand and deliver best practice whilst supporting them in their pursuit for long-term sustainable performance and future growth.

For your new or emerging retailers, our Ready, Set, Retail! program has been developed to inspire and challenge them to strive for best retail business practice, maximise opportunities in an ever-changing retail environment, achieve strong and sustainable business performance as well as be equipped to ensure that essential retail business foundations are in place.

In order to cultivate & nurture great retailers, we recommend our multi touchpoint, 5 stage Ready, Set, Retail! Program. The multi-touchpoint approach ensures we have regular contact, keeping them motivated, committed and focused on maximising sales and profits and supporting them to achieve your goals.

Our aim is to inspire and challenge new and emerging retailers to understand why and how to act to:

- **Build** essential business foundations
- **Elevate** business knowledge
- **Identify** business opportunities
- **Maximise** business performance
